

Nugan Estate

Third Generation Shiraz

ABV

13.50%

Capsule

Screwcap

Code

NUGGSH

Region and Country

New South Wales, Australia

Grapes

Shiraz

Producer

The Nugan Group began in 1940 when Alfredo Nugan emigrated from Spain to start a fruit and vegetable packing company. Today the estate is managed by Matthew Nugan with Glen Snaidero leading the winemaking team.

Climate, viticulture, winemaking

Today, Nugan Estate owns 590 hectares of vineyards across Riverina, King Valley and McLaren Vale. Premium quality grapes are also sourced from the renowned Coonawarra region.

Dry warm sunny days with cool nights produced optimum fruit flavours. After picking, the fruit was crushed and fermented in static tanks with automatic irrigators. Thereafter, the wine underwent cool fermentation to maintain a fruit-driven style with some components receiving American oak during fermentation to add complexity and structure.

Tasting Notes

Ripe, full, juicy red berry aromas with a hint of leafy smoke in the background. Soft on the palate with good weight and structure. Red cherry and delicate woody spice characteristics alongside a little capsicum and a hint of menthol on the finish

Good to know

The estate filters their own water for use in the winery, waste water is then recycled and used in the garden. The entire winery has been built with carefully selected materials to create a naturally temperature controlled space, reducing temperature fluctuations and energy use.

Vegetarian and vegan friendly.
