Producer

This is the family estate of oenologist, Vincent Dupuch, who consults for many of the leading Right Bank properties, including Petrus and Ausone.

Climate, viticulture, winemaking

The estate's 7 hectares are spread throughout Fronsac providing a good diversity of terroir, the vineyards on the plateau are on clay and chalk while the steeper hillside vines stand in red clay.

Once fruit is picked and vinified, The Merlot is lightly oaked; retaining the fruit characteristics and elevating it.

Tasting Notes

A rich merlot with juicy black plum and red current fruit, gentle spice with a long finish. Excellent with an aged comté or smoked duck.
