## Producer

---

Amaury Bonnet is the fifth generation winemaker and owner of the estate.

## Climate, viticulture, winemaking

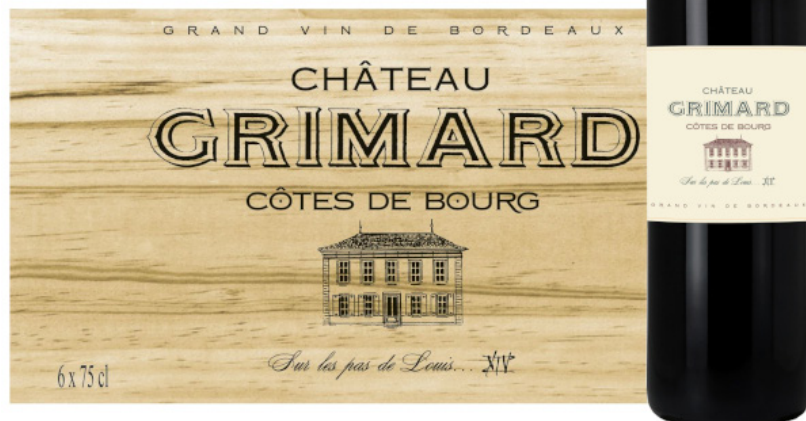

---

Located between Baillou (Saint-Trojan) and Villeneuve and overlooking the banks of the Médoc, this Côtes de Bourg is produced in tribute to Christophe Bonnet, Amaury's grandfather. Vines grown in typical clay-limestone soil and made from a Merlot dominant blend. Fruit undergoes 12 days of maceration and fermented at low temperatures to preserve the natural characteristics.

## Tasting Notes

---

Vibrant aromas of black cherry, blackberry and subtle oak to add depth. The structure is robust and elegant on the palate with soft tannins and smooth finish. A very approachable and classic Côtes de Bourg.
