Climate, viticulture, winemaking

The modern winery is based just north of Milan they produce and bottle a number of wines to showcase the excellent grape varieties that Italy grows.

Grapes are picked from vineyards located in Venice and nearby Treviso. Once pressed, the juice undergoes slow fermentation with peel for a short period to encourage a light colour extraction resulting in a delicate appearance. Wine is aged for 4 months in stainless steel tanks; preserving the flavour profile and maintaining its freshness.

Tasting Notes

Attractive pale pink with a light, aromatic nose of starwberry and red cherry.
